

Change Project Theory of Change

Impact Statement:

We will begin to shift the attitudinal barriers, which exclude or segregate individuals who have an intellectual disability, that are found within the culture of our school and community. We will do this by raising awareness, create spaces and authentic relationships within our school that are fully inclusive.

Target Population:

Key Players

Think of specific individuals who can help give you more insight about barriers, experience and support when thinking about what needs to be done

Key Players are people who can help you organize things, get approval for things or run an event....think of people you will need to talk to!!!

Activities:

- Campaign
- Event
- Small Project

What is our intention for each activity? How can we use our activities to get us there?

Intention: _____
Intention: _____
Intention: _____

Plans to Sustain Momentum:

Intention: _____

Intention: _____

Intention: _____

It is important to be intentional about how to keep momentum going with your desired outcomes in mind. Think about specific things you can do...
